

WELCOME!

We're looking forward to seeing you at **Roots Summit VI** **June 21 – 24, 2006** in Amsterdam. The educational opportunities are bountiful and Joe Dvogan, Fred Barnett and Ken Serota have assured me this will be the best Summit yet.

Marc Balson, DDS, FACP, Diplomate, American Board of Endodontics

Make plans to join us and enrich your knowledge, network with friends and colleagues, enjoy beautiful Amsterdam and watch the "Nexus" grow.

The world of endodontics needs to refocus, not on implants or external threats, but on the dramatic need for an entirely new tier of educators who are aligned with biologic needs and use technology, not the other way around...

Kenneth S. Serota, DDS, MMSc

This has been the hallmark of the Roots cybercommunity since its inception. It has also characterized the nature of the Roots Summits in their pursuit of excellence and the exposure of all members of the profession and the industry to the concept of Nexus. This amorphous term simply relates to the fact that all are welcome to share and care on Roots. There is no definition or category or degree that pertains to the natural desire to learn and disseminate one's knowledge — it's as old as time.

This year's summit in Amsterdam is a welcome to all, rooters, former rooters and rooters yet to be. See you in June.

For any official correspondence regarding a Visa, contact Bob Gannon at Bob.Gannon@SybronDental.com
